

## An Afternoon of TTouch for the Pets in your Life...

**A wonderful opportunity for pet owners to learn easy TTouch techniques to help their pets' lead happy, healthy and balanced lives.**

**Learn easy TTouch skills to help your pets maintain optimum health, and alleviate or eliminate inappropriate behavioral issues.** The TTouch method uses soothing touches and strokes, balance techniques, and bodywork to help the physical, mental, and emotion balance of all animals. Positive changes in behavior and health can be seen... improved concentration, coordination, and athletic ability; support for other training methods and veterinary care; and additionally, a deeper bond is created between you and your pet through increased understanding and more effective communication.

### Some of the topics covered include:

- Understanding the language animals use to communicate with us and other animals
- Using TTouch to help overcome fear-based issues; to calm, relax, de-stress and balance
- Simple groundwork to minimize leash-pulling
- Ways to help you and your pet be more successful in agility by improving coordination, focus, flexibility and cooperation
- Enhancing quality of life for seniors and all ages
- Improving health issues, aiding in recovery from surgery & illness
- And, should the need arise, how to bring your animal out of shock, and more.

### Location:

**FETCH**  
301 East Main Street  
Port Jefferson, NY 11777  
631-331-0965
